

# 4-H Collection Exhibits and Presentations

Collecting can be fun and educational. Your participation in the 4-H collections contest will give you practice in organizational and speaking skills. You will get a look into possible jobs and careers. You may develop your collection into a business.

Bring one collection with five to eight items. Examples include stuffed bears, model cars, and sports cards.

Collection should be neatly displayed. Please tell us about the collection as it is displayed. Be sure to give interesting facts such as how did the collection get started, how is collection organized, number of items, uses of collection, how to increase the collection, what is the value of the collection and more.

For your 4-H Club Meeting  
on November \_\_\_\_\_
