The price of the clinic is only \$45 for the whole day and includes a complimentary stall. *All horses must be stalled for the safety the horses and participants. Shavings are NOT included but you may bring your own or purchase them at Roane State. This is a great opportunity to ride your horse indoors where it is warm and dry and get familiar with the Roane State Arena. Space is limited, so sign up as soon as possible. Trainers from across East Tennessee have offered their time and talent to help our kids learn what is expected in the show ring.

We know that some of your horses haven't been worked all winter or very little. This is a clinic, designed to help you understand how to get ready for a 4-H show and what the judges are looking for. There is a minimum body condition score of 4 is required for a horse to be entered into the clinic. Discipline appropriate tack is desired but not mandatory. (i.e. western saddles and English cutbacks are OK for gaited, half chaps are OK for English, we're not checking bits etc.) But we encourage you to read the 4-H Horse Show Handbook before you tack up to decide which tack is allowed/disallowed in your discipline. This book can be downloaded for free at
